## Physical or Medical Disability

View traffic related collisions involving Physical or Medical Disability. These events include any serious or fatal collisions where the operator of the vehicle has a medical or physical disability.

**Definition:** Any serious or fatal collision where one or more persons operating a motor vehicle has a medical or physical disability that may or may not have played a factor in the collision.

A medical or physical disability is a condition such as the following:

- Diabetes
- Epilepsy
- Amputee
- Broken bones
- Etc.
